Software Developer

ajay-malusare-896a811a5

SUMMARY

Highly experienced, solutions-oriented professional with 3 years of remarkable background in overseeing all aspects of the Software Development Life Cycle, from extensive analysis and design through execution and maintenance. Proficient in utilizing a wide variety of programs and tools to provide high-quality and cost-effective applications/systems to boost organizational efficiency and productivity. Process unmatched coding and testing skills to deliver client/business-specific programs.

EDUCATION

Rajiv Gandhi Institute of Technology

B.E. In Computer Science and Engineering

2018 – 2021 | Mumbai, India

CGPA: 9.53/10

Pravin Patil Institute

Diploma In Computer Science and Engineering

2014-2017 | Mumbai, India

Percentage: 92.00

Abhinav Vidya Mandir

Grad. 2014 | Mumbai, India

Percentage: 84.40

SKILLS

- Language: Java
- Framework: Spring, Spring Boot, Spring security, Hibernate, JPA.
- Architectural Pattern: Microservices.
- Distributed Tech: Restful Webservices.
- Cloud: AWS services.
- Database: SQL, MySQL, Oracle.
- Server: Apache Tomcat.
- Container Tool: Kubernetes, Docker.
- CI/CD: Jenkins.
- Testing Tools: Junit, Mockito, Performance Testing (JMeter).
- Tools: Maven, GitHub, Splunk, Postman, JIRA, Log4j, App Dynamics, Confluence.
- OS: Windows, MAC, Linux.
- IDE: IntelliJ, STS, Eclipse.
- Data Structures and Algorithms.

PROFESSIONAL EXPERIENCE

Software Developer

Wipro (client: HSBC Bank) | Dec 2021 - Present

- About 3 years of experience in Analysis, Design, Development, Implementation and maintenance of application using Java/J2EE Technologies like Spring, Spring boot, Spring Security with knowledge of SDLC concepts.
- Learned company standards of application software development, Agile and iterative development methodologies.
- Successfully done development for RESTful services as per business requirements, enhancing operation of the enterprise product in the business.
- Planned, tracked and managed 40+ deliverables on short-term sprints and long-term software deployment.
- Reviewed others code, debug errors and provided effective ways to find solution.
- Fixed bugs raised by customer and documenting processes to increase efficiency.
- Conducted performance testing for multiple REST API's using tools such as JMeter and Jenkins JMeter boot, ensuring optimal performance under various scenarios.
- Successfully executed production deployments for REST API's to ensure e2e connectivity without customer impact.
- Provided 24x7 production support for customer live journeys, ensuring system availability and minimizing downtime.
- Provided design software solutions by analyzing system performance standards to increase performance efficiency.
- Working with team to develop concurrent and distributed application.
- Provided expertise in Java technologies, guide and mentor junior developer.
- Collaborated with cross-functional team to develop and maintain enterprise level web application.

PERSONAL DETAILS

- **NAME:** AJAY MALUSARE
- **DOB:** 15/05/1999
- **NATIONALITY:** INDIAN
- **LANGUAGE:** English, Hindi, Marathi

AWARDS

- Brightest Beginner Award by Wipro
- Circle of Excellence Award from Client.

PROJECTS

M&S Sparks Pay (Client: HSBC) | March 2022 - Sep 2022

- **Description:** M&S Sparks Pay is a new way to pay, it is a digital credit account that provides a credit limit to spend at M&S with no payment to be made on your first purchase for 76 days and up to 45 days interest free thereafter.
- **Key Roles and Responsibility:**
 - Understanding the Business requirement and Feasibility study.
 - Developed and maintained RESTful services for seamless integration with external systems and clients using Spring and Spring Boot frameworks.
 - Implemented unit tests using JUnit and Mockito to ensure code quality and functionality.
 - Implemented security scans using tools like Checkmarks, SonarQube and SonarIQ to ensure compliance and security standards.
 - Done successful Production Release of REST API's without impacting customer.
 - Involved in UAT and Production environments Bug fixing.
 - Managed project tasks, issues, and sprint planning using Jira for efficient project management.
- **Environment / Technologies:** Java, Spring, Spring Boot, Micro Services, RESTful services, Junit, Mockito, SonarQube, SonarIQ, Checkmarks, Jira, Kubernetes, GitHub, Splunk.

HSBC Flexipay (Client: HSBC) | Oct 2022 - Present

- **Description:** HSBC Flexipay is BNPL journey, it is a digital credit account that provides a credit limit to spend at merchant site with buy now and pay in instalments option.
- **Key Roles and Responsibility:**
 - Understanding the Business requirement and Feasibility study.
 - Developed and maintained RESTful services for seamless integration with external systems and clients using Spring and Spring Boot frameworks.
 - Implemented unit tests using JUnit and Mockito to ensure code quality and functionality.
 - Conducted code reviews and utilized SonarQube and SonarIQ for code quality analysis and improvement.
 - Implemented security scans using tools like Checkmarks to ensure compliance and security standards.
 - Conducted performance testing using JMeter to optimize application performance and scalability.
 - Collaborated on developing common components to facilitate the implementation of project functionalities.
 - Successfully executed production releases of REST APIs without any customer impact.
 - Involved in UAT and Production environments Bug fixing.
 - Managed project tasks, issues, and sprint planning using Jira for efficient project management.
- **Environment / Technologies:** Java, Spring, Spring Boot, Micro Services, RESTful services, AWS, Junit, Mockito, SonarQube, SonarIQ, Checkmarks, Jira, JMeter, Kubernetes, GitHub, Splunk.
