About

2.5+ years of experience in software development and seeking a challenging position in Java development. Proficient in Spring and Spring Boot frameworks, with excellent problem solving skills. Skilled in developing clean and efficient code that adheres to industry best practices. I am awarded with a shared catalyst award for my contribution to the project.

Technical Skills

- **Programming Languages** : Java, Basics of C.
- **Data Structures and Algorithms, Database Management System, Operating System, SQL, Git**
- **Design Patterns** : MVC, Singleton etc.
- **Framework** : SpringBoot, Spring
- **Development Tools** : Eclipse

Experiences

- **Infra Transformation Analyst at Accenture. (August 2022 - Present)**
 - Used Microservice architecture to create Web Api's interacting through a combination of REST service.
 - Worked on user stories and have developed multiple Web API for key functionalities.
 - Developed various functionalities in the application with java Core. Creating SQL objects like Tables, Stored Procedures, Views, and Functions using SQL.
- **Application Development Associate at Accenture. (July 2021 - August 2022)**
 - Worked in ServiceNow ITSM module to manage the internal structure for the platform.
 - Integrated the platform with email, and footfall using REST API.
 - configured mobile notification for NowMobile app.
- **AI Trainee Engineer Intern at Aialz Technology. (July 2020 - December 2020)**
 - Successfully completed training on tools and techniques like AWS, Python and understanding how to establish SSH sessions to servers using puTTY.

Projects

- **Digital Electronic shop** : Developed a desktop application using java and MySQL. Implemented a comprehensive solution to manage day-to-day activities such as sales, purchases, inventory management, customer data, damages, distributor information, and servicing. Successfully tracked and recorded all incoming and outgoing financial transactions to ensure accurate accounting.
- **Ride On Rentals** : Developed a web application using HTML, JavaScript, PHP, and MySQL to facilitate the booking of car rentals. The system provides a user-friendly interface for customers to easily rent cars on an hourly or daily basis, making the company's services more accessible to the public.

Education

Degree	Institution	Year of Passing	Percentage/CGPA
M.C.A	Dayananda Sagar College of Engineering	2021	9.4 CGPA(Gold Medalist)
B.C.A	I.G.N.O.U	2018	73%
Intermediate	CBSE	2015	79.6%
Matriculate	ICSE	2013	80.67%

Achievements

- Gold Medalist in M.C.A
- Shared catalyst award for best performance in the project by Accenture
- Secured 17th rank in Karnataka's PG CET

- ❖ Open to any location
- ❖ Expectations as per industry standards
