## PROFESSIONAL EXPERIENCE

---

**IBM India Private Limited**, Bangalore

Feb 2021 – Present

**Software Engineer**

- For the past 3 years, I have been a primary contributor in developing several features, working on backend and front-end technologies.
- Creating many UI components in over 10+ projects and worked on many enhancements.
- Delivered 20+ projects under critical deadlines.
- Contributed to architectural decisions by giving suggestions and participated in brainstorming sessions with architects for new features and product enhancements.
- Collaborated with cross-functional teams including architects, product owners, and other developers to deliver high-quality software solutions.
- Effectively collaborated and communicated with down streams, working on AID revisions, for more than 20 API integrations.
- Solved complex production issues during production releases by identifying root cause quickly, preventing further production downtimes.
- Created comprehensive documentation guide on major code implementations which helped improve knowledge sharing, improved team efficiency.

## ACHIEVEMENTS

---

- Received *Client and Partner Success Award - 2023* for all my contributions and deliverables in the project - **IBM India Private Limited**.
- I was recognized, appreciated, and presented in Account level All Hands Meet among more than 300+ members.
- Received more than 30 to 40 appreciation rewards over a span of 3 years from managers, high level managers, senior team members, colleagues, and other team members.
- Demonstrated initiative and problem-solving skills by taking on additional responsibilities, leading to improved project outcomes.
- Appreciated by product owners and scrum master for building trust quickly in the project by effective communication and reliable delivery.
- My Provision period was closed in 3 months and promoted within 12 months (ahead of the schedule) due to quick learning and adaptive nature.

## CERTIFICATIONS

---

- Certified on Agile practices.
- Certified on Java Script Front End Development.
- Certified on Angular – Front End.

## EDUCATION

---

**Gayatri Vidya Parishad college of Engineering**, Visakhapatnam

May 2020

Bachelor of Technology in Computer Science
