Professional Summary:

- Having **2+ year** of experience as a Software Developer in Wipro.
- Extensive work experience in JAVA, J2EE, Spring and Spring Boot & Angular
- Overall responsibility for the day-to-day operations of the project
- Reporting periodically to all the stakeholders, project planning and tracking, Risk analysis, counter action.
- Expertise in communicating with Teammates effectively.
- Excellent knowledge on Java 8,11 and Angular.
- Experience in on-boarding the script to CI/CD pipeline.
- Experience in HP ALM QC for defect management.
- Excellent understanding of CI/CD cycle, Software Development Life Cycle (SDLC) and Agile Methodology.
- Hands-on experience with RBMS, Oracle SQL Developer, Mongo DB, Python, XML & JSON, Ajax, jquery, Rest, Microservices.
- Performed several POC's and developed Test Report for SoapUI, Utility to validate fields in Rest services in SoapUI, Utility to convert the postman projects into SoapUI projects.
- Proficient in MS Suite I.E. Word, Excel, Power Point, Teams, Outlook, One Note and Share Point.
- Experience in handling multiple applications dynamically.
- Troubleshoot and rectified issues during the development, testing, and deployment through continuous monitoring & tracking
- Carried out code reviews and testing to ensure code changes adhere to quality and functional requirements using SonarQube.

WORK EXPERIENCE:

- **Wipro Limited – Software Developer July 2021-present**
 - Domain: Banking.
 - Client: Leading American Multinational Bank.
 - Project Description: it's a migration project, migrating the tibco microservices into java microservices using spring boot. Activities involving in planning the APIs for the sprint, then after implementing the Tibco services into Spring boot. Development to deployment will be done using CI/CD. Parallely migrating the frontend, which was made on JSP's migrated Angular, making the monolithic application to pure microservices Angular as front end. java Microservices as backend.

SKILLS:

Tools	: SoapUI, Postman, Swagger, Tibco designer, Node
Service Virtualization	: DevTest, Wire mock and SoapUI.
Version Control	: Git and Bit Bucket
Languages	: Core Java, Python, Groovy Script, JavaScript & Type script
SDLC/Methodology	: Agile/Scrum
Project Management	: JIRA
Defect Management	: ALM
Build Management	: Maven, Jenkins, NPM,
IDE's	: Eclipse, NetBeans, IDEA & VS code
Operating System	: Windows 10 & 11, Windows Server 2016, Linux
Frameworks	: Spring-MVC, Spring-AOP, Spring Boot, Angular, Selenium, Cucumber framework, Rest Assured, Junit, Mockito, Hibernate, JPA
Web Servers	: Tomcat 9&10
Databases	: Oracle 11g, Mongoddb, H2
Web Technologies	: HTML, CSS, Bootstrap, JS

Roles & Responsibility:

- Involved in a migration project where the tibco microservices are being migrated to Angular java microservices.
- Participated in agile development processes such as sprint planning, stand-up meetings, and retrospective reviews.
- Analysing the requirements and adding respective test cases to ensure the functionality.
- Used Bit Bucket to push, pull and commit our source code in repository.
- Collaborated with other developers, testers, and business architects to design and implement features, eradicate defects, and optimize the functioning.
- Authored clean, well-documented, and maintainable code consistent with coding standards and best practices.
- Involved in Identifying the E2E scenario & Creating the Reusable methods to use across team
- Involved in Regression execution with testing team for every release.
- Knowledge Transition to the new members and End to End knowledge on the Order cycle.
- Pro-actively shared knowledge and helped the team in solving technical issues.
- On boarding microservices/Angular scripts to CI\CD pipeline.
- Created utility to do the field level validations for Rest services in SoapUI.
- Used HP ALM QC to manage defects.
- Got Appreciation from Client for meeting the deadlines.

CERTIFICATIONS:

- Oracle certified JAVA SE 8 programmer.
- Completed Wipro BED Training (Core Java, Spring & Spring Boot).
- Completed Wipro FED Training (HTML, CSS, JS, Bootstrap, Angular).

ACHIEVEMENTS:

- Created Applications: Calculator, Number System converter and Timer using JAVA.
- Created Piano Tiles and Chrome Dino game bot.
- Created some testing frameworks for the validation of API's

EDUCATIONAL QUALIFICATION:

Qualification	College	Place	Duration	Percentage
BSC(Computer Science)	ASN DEGREE COLLEGE	Tenali	2018-21	90
12 th (M.P.C)	SRI CHITANYA JUNIOR COLLEGE	Tenali	2016-18	90
SSC	SRI CHITANYA TECHNO SCHOOL	Tenali	2015-16	90

PERSONAL PROFILE

Name : Godavarthi Pavan Satwik
DOB : 22-10-2001
Gender : Male
Marital Status : Single
Interests : Learning new things, Playing Badminton, Exploring computer
Languages : Telugu, Hindi & English

DECLARATION

I hereby declare that all the details mentioned above are true to the best of my knowledge and belief.

Place: Tenali.
