## Summary

### Engineering Manager

- Built and Led dynamic Agile and SCRUM development Teams.
- Built and Led Cross functional Teams.
- Hands on experience in setting up engineering practices in teams.
- Hands on experience in project planning and reporting.
- Led Requirements Analysis, Scope Management, Change Requests Management.
- Strong Communication Skills
- Strong Negotiation Skills
- Strong Stakeholder Management Skills

### Highlights

- Led high throughput teams and delivered 2 high profile projects in Innominds
  - CA Technologies - CA TM migration project
  - AmaraRaja - Digital Transformation platform for AmaraRaja

### Technical Skills

Hands on experience in developing products in

- Java, j2EE, Spring Boot, Kafka, Cassandra, Hibernate, Spring JPA, Microservices, Azure cloud, Spring Cloud, Spring security.
- Skilled in CI/CD - docker, docker-compose, maven, docker-registry, Jenkins
- Skilled in Test Driven Development, Behavior Driven Development

### Education

- Master of Computer Applications (M.C.A.) from Motilal Nehru National Institute of Technology.

## Experience

### Engineering Manager Innominds

(Aug 2019 - Present)

#### Projects Undertaken

- AmaraRaja - Digital Transformation Platform (Current) - Team Size 16
- CA Transaction Manager - Completed 30-October

#### Highlights

- Able to deliver features without any delays to the timelines amidst COVID 19 situation
- Built and Leading dynamic Agile and SCRUM development Teams.
- Built and Leading Cross functional Teams.
- Setting up engineering practices in teams.
- Project planning and reporting to the Stakeholders.
- Leading Requirements Analysis, Scope Management, Change Requests Management.
- Code Reviews
- Design and Architecture review - Microservices
- Database design review
- Hands on code delivery for modules code in Java, Spring Boot, Spring Cloud, Spring JPA, Spring Security, Unit Tests, Integration Tests
- Setup CI/CD pipeline for the project
- Setup deployment in Azure Cloud

## People Management

- Goal Settings, Appraisals, Hike
- One-on-Ones with Team members
- Drove Standup / Retrospective/ Client Demos / Sprint Planning

## Principal Software Engineer (Lead) CA Technologies

(Jun 2009 - Jul 2019)

### Projects Undertaken

- **MOI (2016-2019)** - Mainframe Operation Intelligence - Big data and Machine learning solution to detect and cluster anomalies on the operations data
  - Technical lead for the development team
  - Developed modules in **Apache Kafka, Cassandra, Java8, Scala (Elementary), Spring Boot, ELK, Machine Learning (Elementary), Stream Data Processing, Batch data processing, Lambda Architecture, Kappa Architecture.**
  - Go to person for technical blockers for the SCRUM team
  - Code/Design review for the SCRUM team
- **PAM (2009-2016) - Process Automation Manager - A RunBook Automation Tool for IT processes and their Orchestration**
  - Technical lead for the development team
  - Developed modules in **JAVA/J2EE, ActiveMQ, MSSQL/MYSQL, JBoss**
  - Go to person for technical blockers for the SCRUM team
  - Code/Design review for the SCRUM team

## Engineer GlobalLogic

(May 2006 - Jun 2009)

### Projects Undertaken

- **OASIS (2006-2009)** - *PAM was formerly known as OASIS before it was bought by CA from Optinuity.*

#### Responsibilities:

- Technology Used: **JAVA, J2EE, JBoss Application Server Back End Used: MSSQL/ORACLE/MYSQL**
- Responsible for technical aspects of the product
- Developing modules ensuring quality system design which provided good system performance.
- Mentoring and providing technological feedback as well as serve as a knowledge hub to other team members.
- Participated in grooming of product backlog with product management.

## Education

### Motilal Nehru National Institute of Technology

Master of Computer Applications (M.C.A.), Computer Science 2003 - 2006

## Honors & Awards

### Monthly Award - CA Technologies

Mar 2018

- Efficiently done POC on log analytics support for the MOI
- Efficiently brought new stack ELK to the existing architecture.

### Appreciation by AmaraRaja CEO - Amara Raja Group

May 2020

- Impressed by the product deliverables UX/Visual Designs
- Impressed to continue association with Innominds as a vendor/partner for the digital journey

### Quarterly Award - CA Technologies

Jun 2015

- Fixed ATOS production down situation
- Brought back the PROD system in a continuous call for 22 hours in a live session

### Monthly Award - GlobalLogic

Apr 2007

- Applied new Look and Feel to the Swings Application which fixed all the mis-alignment issues at once. Saved many cycles of development and testing

## Skills

Team Management • Cross-functional Team Leadership • Apache Kafka • Cassandra • Spring Boot • Agile Methodologies • Docker Products • Maven • Microsoft Azure • Core Java
